

Voltas Showcased its latest range of Commercial Air Conditioning and Commercial Refrigeration Products at ABID Interiors 2025

Kolkata, January 14, 2025: Voltas, India's undisputed leader in Cooling Products and India's No. 1 AC brand, from the house of TATA, participated in the recent edition of ABID Interiors 2025. Every year, ABID organises an international decor exhibition titled Interiors, which was held from 10th to 13th January 2025 in the artful city of Kolkata to promote thought-provoking ideas and showcase the latest range of interior products and world-class designs. Voltas showcased its cutting-edge, energy-efficient Commercial Air Conditioning and Commercial Refrigeration products at the exhibition.

This year, the expo highlighted the exciting vision which showcased ground-breaking innovations and global trends, reaffirming ABID's commitment to excellence and creativity in the industry.

Speaking on the participation at the event, **Mr. Pradeep Bakshi, Managing Director & CEO** of Voltas Ltd, said, "We are delighted that we could be part of this expo. Voltas' products are amongst the most trusted products used by prominent players operating in the Commercial Air Conditioning and Commercial Refrigeration categories and is trusted for its superior quality. Through this expo, we wanted to have fruitful conversations with builders, contractors, architects, manufacturers of interior materials and related sectors, who are our B2B clients. We also aimed to grow our business while engaging with them. We used this as a platform to grow business and to strengthen our relationship with our partners across India."

Throughout the 3 days of the expo, it received tremendous response from participants and visitors. Voltas' stall alone was visited by 1000+ visitors in the 3-day period.

With a strong focus on innovation, quality, energy efficiency and sustainability, Voltas is committed to develop a wide array of products to boost its market presence further and penetrate across geographies while being at the forefront of technological innovations in the Commercial Air Conditioning and Commercial Refrigeration space.
